WHY THE AXOPAR 37

The 2025 Axopar 37 Brabus is built for comfort at speed. Its stepped hull reduces drag, so the ride is smooth and efficient. Twin Mercury 300 V8 outboards give it plenty of power. Meanwhile, the Sun-Top roof keeps the cockpit in the shade.

Moreover, the layout makes it easy to enjoy the whole day on deck. Guests usually spread out between the bow lounge, the cockpit seating and the large aft sun pad.

WHERE YOU CAN GO

BISCAYNE BAY & STAR ISLAND

From Venetian Marina, it takes only minutes to reach the best views in the city. Cruise past Star Island and the waterfront mansions of Millionaire's Row, then head across Biscayne Bay toward the Miami Beach skyline. After that, anchor near one of the bay's small islands for a swim.

MAKE IT A FULL MIAMI DAY

As a concierge, Billionaire Club Miami can arrange the rest of your day, too: a hostess on board, a private chef for dinner at your villa, an exotic car waiting at the marina and a table at one of the best nightclubs in Miami in the evening.
